

# JIRAPON KRUEENARONG

JUNIOR GRAPHIC DESIGNER  
ART DIRECTION • KEY VISUALS • SOCIAL CONTENT

Start

## WORK EXPERIENCE

UNIVERSITY PROJECTS • PART-TIME WORK

### EMPOWERLIFE CO., LTD.

2023-PRESENT

Video Editor

- Edit short-form TikTok videos, including product-linked TikTok Shop content, educational videos, health and supplement content, and short podcast clips.
- Turn source footage into concise videos with clear pacing and visual flow, then prepare final files for ongoing content publishing.

### IMAGINE IF OUR CATS WERE ASTRONAUTS PROD.

2024

Art Director & Graphic Designer, University Project

- Shaped the film's visual concept across art direction and graphic design to carry the same mood from production design into promotion.
- Adapted the film's visual language into promotional and social media assets so the project presented one clear identity to its audience.

### SUPERSIX SHOP

2024

Part-time Graphic Designer

- Created clear Facebook graphics for game and esports promotions to give product posts and community content a consistent visual style.
- Produced flexible assets for campaigns and player-focused content to support regular digital communication

### MUGEN PRODUCTION PROD.

2024

Art Director, University Project

- Developed visual directions from story and mood to guide sets, props, and promotional graphics.
- Applied the same direction to planning, on-set production, and final key visuals to connect creative ideas with practical needs.

## KILLS & TOOLS

### WHAT I BRING

- Support from concept to final delivery
- Consistent direction across graphic and video assets
- Design decisions grounded in production needs
- Entertainment, gaming, and esports context
- Practical use of chatbots and generative AI
- Regular learning through courses and hands-on practice

## SUMMARY

Junior graphic designer with a background in film and art direction. Combines visual storytelling with hands-on production knowledge to turn ideas into key visuals, social content, promotional graphics, and video. Maintains a clear visual direction across formats and can support entertainment, gaming, and digital content from early concept to final delivery.
